

## SEW MANY QUILTS...

### SEW LITTLE TIME

#### LONGARM QUILTING

#### SERVICE

I can do an edge to edge

design or custom quilt using freehand quilting and beautiful meandering and borders. I enjoy doing feathers, flowers, leaves, stars, swirls, and other natural designs. Call me and let me know your ideas for your special quilt.

Prepare your top and back -keep your quilt layers separate - press top and back and be sure they are square and free of loose threads and pet hair

-if back is pieced, be sure the salvage is removed from seam allowance

- quilt back and batting must be at least 6 inches larger than top

#### COST

The cost for edge to edge design is \$.012 per square inch. For example, an 80 X 80 inch quilt is 6400 square inches.

6400 X \$.012 = \$76.80 for edge to edge quilting. For custom quilting, the cost will be \$.015 -\$.025. There is a

\$4.00 charge for thread color change. I have warm and natural batting for \$8.00 per yard or you can bring your own. The minimum charge is \$30.00. I can give an estimate when you drop off your quilt.

I am located one mile east of Carter just behind the casino.
